

Why choose Autumn Ridge of Clarkston?

1. **It starts at the top:** Many of our managers and staff have been employed at Autumn Ridge for over 14 years. Because we have been together so long, we work extremely well as a team; like a big extended family. Our stability benefits our residents and their families tremendously.
2. **It's all about compassion:** We hire and train staff members who show compassion, patience, kindness and a desire to help others. We care about our residents and their families!
3. **The nurse is in:** Our nurses are in the community six days a week to monitor physician visits, place pharmacy orders, collect samples for testing and follow up on test results. They are also available to visit residents when they are not feeling well for assessment on further care. Our nurses meet new residents before they move in to assess their needs and make sure that we are prepared to provide the highest level of care once they enter our community.
4. **We call it Teamwork:** The aspect of teamwork is very important when it comes to resident care. A department head meeting is held every morning where concerns about residents are expressed and plans for follow-up care are made. Our teamwork provides the safety net for our residents so no care concerns go unnoticed.
5. **You'll feel it the second you walk in the door:** When you enter our community for the first time you will be pleasantly surprised to find a warm, comfortable and happy atmosphere with residents engaged in various activities and staff actively involved. You will also find a spotless community that smells nice. Our residents and families say, "It just feels right!"
6. **Safety? We've got that covered:** Resident safety is a priority and our maintenance team makes sure the building complies with all safety regulations. Staff is trained to handle emergency situations and regularly participate in emergency preparedness scenarios.
7. **Welcome Home:** Residents are welcome to enjoy the special rooms throughout our community as they would their own home. Residents and their families have access to the great room, main dining room, private dining room, bistro, chapel, television room and other cozy spaces as well as the beautiful patio and porch areas.
8. **Let the good times roll:** Our activities staff spend most of each day with our residents. This is a wonderful way for the activity coordinators to really get to know each and every resident on a personal level and be able to provide meaningful activities that continue to engage them. We personally remind residents of activities that are going on each day and encourage them to participate as much as they can. We have a lot of fun at Autumn Ridge!
9. **Beautiful inside and out:** Autumn Ridge offers our residents a beautifully decorated community featuring an elegant, traditional style. Flowers, nicely landscaped beds, rocking chairs and comfortable seating areas provide a welcoming outdoor environment for all to enjoy.
10. **Innovation begins here:** Here at Autumn Ridge, we are focused on developing programs that will enhance the lives of our residents. Our RENEW program is a comprehensive approach focused on helping you achieve your greatest potential utilizing rehabilitation, education, nutrition, enrichment and wellness. Our Impressions Memory Care is designed to create positive life moments while promoting independence through structured, meaningful and purposeful engagement.
